The Honors College provides intellectually curious, motivated students with the foundations of a rigorous liberal arts education within the context of a world-class research university. Honors College students engage the best of two worlds—an intimate liberal arts experience, including coursework and living-learning opportunities, joined with a world class research university and the opportunity to engage in independent research, working closely with top researchers and scholars.

Praxis Labs draw students from all disciplines to collaborate on innovative research-based solutions to pressing societal challenges. Under the guidance of distinguished faculty and community leaders, students analyze topics through in-depth classroom and field research and provide immediate solutions.
