

THE UTAH CENTER FOR CLINICAL AND TRANSLATIONAL SCIENCE
in conjunction with
Grant Writers' Seminars & Workshops
presents

Write Winning NIH Career Development Awards

a ½-day seminar
John D. Robertson, Ph.D., presenter

March 10, 2020
Alumni House
1:00 p.m. – 4:30 p.m.

Dr. John Robertson holds a Doctorate in Pharmacology/Toxicology and has been an Associate Member at Grant Writers' Seminars & Workshops since 2010. In 2017 he became the Managing Member. He has been the recipient of competitive extramural funding from both the NIH and non-federal sources. He has authored 30 peer-reviewed journal articles and three book chapters. In addition, he has been a member of grant review panels, a reviewer for a number of biomedical journals, and served on editorial boards. He has also been routinely recognized for excellence in teaching.

This ½-day seminar is for Career Development Award (CDA) candidates and their mentors. It emphasizes the partnering between candidate, mentor and institution that is necessary to make these proposals successful, resulting in protected time for research. The National Institutes of Health's mentored K Awards, and NIH's Ruth L. Kirschstein F32 National Research Service Award for individual post-doctoral fellows are used as representative applications; the principles and fundamentals learned are transposable to the CDAs of other agencies – only the specifics vary. Content of the seminar includes tips and strategies on getting reference letters; selecting and getting the most from a mentor; how review criteria can be used to inform the writing of a CDA; the kinds of research and training that should be proposed, and much, much more.

All participants will receive an extensive handout. Refreshments will be provided. Space is limited!

Registration Fee: \$150

*****Please Note: To attend this ½ day workshop, you must have the prerequisite of attendance at Write Winning Grant Proposals (NIH) Seminar on either October 4, 2019 or March 9, 2020*****

Please contact Sarah Elliott at sarah.elliott@hsc.utah.edu by **February 24, 2020** in order to register for this event.
